## The Cloud Phone System of the Future – Today

Your faculty, staff and students will experience rich platform capabilities with turnkey telecom applications.

- Seamlessly move calls between devices when teachers switch classrooms.
- Educators can be reached on their mobile, office, or home numbers through the simplicity of one phone number.
- Manage incoming and outgoing messages, maintain up-to-date schedule information and configure controls on calls and voicemail.
- Voicemail to Email allows teachers to read their voicemails without disrupting the class.

## All of Your Communications – One Source

From voice to video, stay in touch with your students, faculty and staff from anywhere, whether you are in the office, classroom, or at home.

- One phone number allows you to work from anywhere while your students and colleagues can always reach you “in the office”.
- Swap calls between your desk and cell phone with no hold time.
- Make calls from any device, landline, cell or soft-phone and the caller ID says you’re calling from your office phone.

## Monitor Your Productivity from Anywhere

Gain the freedom that comes with cloud-based unified communications. So much more than a dial-tone, NextOS provides instant access to your school’s lifeline.

- Call Logs that allow you to view complete records of all phone usage, incoming and outgoing, within your Nextiva Office Manager control panel. This allows for easy tracking of messages and appointments.
- In the rare case of disaster, calls will automatically be forwarded to a back up number.

## Global, Redundant Platform

NextOS runs on the same platform trusted by 16 of the top 20 communications providers.

- The most innovative, secure and reliable infrastructure in the world.
- Supported by 150 expert U.S.-based telecommunications engineers 24/7/365.
- Failover redundancy with multiple points of presence across the U.S.

## Amazing Service®

Whatever your definition of service is, Nextiva will raise your expectations.

- Communication and collaboration tools that are easy to use and integrate.
- We maintain 99.999% uptime and support more than 100,000 companies.
- Relentless commitment to customer service to improve your school's communications.

## E-Rate Trained and Certified

- Entire staff trained on current E-rate requirements.
- Nextiva employs reputable consultants.
- 1 of the top 3 communications providers in Arizona.
